

I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve. I believe XM Radio is one of the best values for my dollar available today. I get choices I can't get anywhere else and the quality is exceptional. If the NAB and the FCC want to compete with the quality and content of XM Radio they should do it in a fair and competitive way and not by trampling on my 1st amendment rights.
